

## Material Safety Data Sheet

### Identification

Product Name: Trespa® Solid Composite  
Formula: Mixture  
Synonyms: High pressure decorative laminate  
TSCA Listing: This material is classified as an article and not subject to TSCA.

### Hazardous Ingredients

This Product is not regulated under the hazard communication standard, 29CFR1910.1200

### Physical Data

Boiling Point (700 mmHg): not applicable	Freezing Point: not applicable
Specific Gravity (H <sub>2</sub> O @ 20/20 °C): Not applicable	Vapor Pressure (100°C): Not applicable
Vapor Density (Air=1 @ 20°C): Not applicable	Solubility In Water (% By Wt. @ 20°): Not applicable
Percent Volatiles by Volume: Negligible	Evaporation Rate (BuAc=1): Not applicable
Ignition Temperature: Not applicable	pH: Not applicable
Thermal Dissolution: 250°C	
Appearance And Odor: Rigid sheet with colored face, no odor	

### Fire and Explosion Hazard Data

Flash Point: Not applicable  
Explosion Limits: Not applicable  
Extinguishing Media: Use water, carbon dioxide or dry chemical to extinguish fires  
Special Fire Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.  
Unusual Hazards: none

### Reactivity Data

Stability: Stable  
Hazardous Polymerization: Will not occur  
Conditions to Avoid: none  
Materials to Avoid: none  
Hazardous Decomposition Products: This material may release toxic fumes in a fire depending on burning conditions (temperature and lack of oxygen). Chemical composition similar to wood; carbon dioxide and water are formed during complete combustion.

### Effects of Overexposure/Toxicity Data

#### Acute:

Ingestion (Swallowing): Not applicable  
Inhalation (Breathing): Not applicable  
Skin Contact: Not applicable  
Eye Contact: Not applicable

#### Chronic:

Carcinogenicity: This product is not listed in NTP, IARC or OSHA as a carcinogen  
Reproductive: Not applicable

Mutagenicity: Not applicable

Target Organs: None

### Exposure Limits

OSHA PEL: None established  
ACGIH TLV: None established

### Emergency and First Aid Procedures

Ingestion (Swallowing): Not applicable  
Inhalation (Breathing): Not applicable  
Skin Contact: Not applicable  
Eye Contact: Not applicable

### Special Protection Information

Respiratory Protection: no respiratory protection required

Ventilation:

Local Exhaust: Recommended when appropriate to control employee exposure

Mechanical(General): Not recommended as the sole means of controlling employee exposure

Protective Gloves: Not required

Eye Protection: Not required for handling material, but should be worn when machining or sanding material

### Spill or Leak Procedures

Steps to be taken if material is released or spilled:

Place in a waste disposal container.

Waste Disposal Method: Disposal must be in accordance with applicable governmental regulations.

### Special Precautions

Precautions to be taken in handling and storage: None for employee safety, but recommended handling and storage

Methods should be used to preserve the usability of the material.

### Transportation Regulations

Not regulated by DOT.<sup>1</sup>
